Gboard is a new keyboard from Google for your iPhone. It has all the things you would expect from a great keyboard — GIFs, emojis, and Glide Typing — plus Google Search built in. No more app switching; just search and send, right from your keyboard.

1. Locate the app in the Self-Service Kiosk and download it to the iPad.
2. Tap GET STARTED.
3. Tap GET STARTED again.
4. Tap GENERAL and then ADD NEW KEYBOARD.
5. Tap GBOARD.
6. Tap the GBOARD MULTIPLE LANGUAGES arrow.
7. Slide the ALLOW button to activate.
8. Tap ALLOW.
9. Tap HOME BUTTON to return to home screen. Use one finger and gently pull down to receive search bar.
